Dr. A. S. Larkey, one of the best known physicians in the bay section, was this afternoon made defendant in a suit filed in the Superior Court for \$10,000 damages for alleged malpractice. The complainants in the case are Mrs. Florence Billesbach and her husband, Thomas Billesbach.

The complaint alleges that on December 1, 1908, the defendant, Dr. Larkey, caused the plaintiff, Mrs. Billesbach, to take an excessive quantity of morphine, which she has been unable to get rid of since, and that as a result she has been made a physical wreck and is unable to do any work.

The complaint further alleges that the defendant, Dr. Larkey, is a physician of the county of Alameda, and that he is a resident of the city of Oakland, California, and that he is a member of the Medical Association of the State of California.

HIGH SCHOOL GIRL COMMITS SUICIDE

LOS ANGELES, May 12.—Miss Myrtle Brown, a high school pupil, daughter of well-to-do parents in Glendale, was found dead in a rooming house here today. She had inhaled gas and while dying had read from "Unity of Good" by Mrs. Eddy, the book being found beside her body clasped in her hand. Her father, who identified the body, can give no reason for her suicide other than that Christian Science had failed to cure her of consumption.

TO ORDER ALL WIRES UNDER GROUND

Change to Be Made Gradually So as Not to Cause Financial Injury

OFFICIALS TO MEET TO DISCUSS PLANS

Two More "Wireless" Districts to Be Added to the Present One

All wires in Oakland including those used by electric light, telephone, telegraph and trolley companies must go underground. This means the doing away completely with the forest of poles now on the streets. The change will not be made suddenly for it means millions of dollars to every corporation concerned, but will be made gradually so that none of the exponents of the companies will be tempted.

Definite plans will be mapped out to-morrow afternoon in Mayor Motz's office. He has called a conference of all of the heads of the departments and committees from the Council and the city electrician. Already there is a district laid out wherein wires and poles are not allowed above the surface of the street. At tomorrow's meeting there will be at least two additional districts laid out.

Mayor's Views

In speaking of the proposed innovation Mayor Motz says: "All wires have to go underground, but the administration has no desire to rush the matter to the financial injury of the various corporations. A district at a time will be taken up until the entire city has been covered. If we were to take up the entire city at once, we might get a strike. It is a year limit compelling the several corporations to have their wires underground at the expiration of that time. But in Oakland such a plan could not be feasible. We are a growing community and must make a concession in accordance with the conditions that exist. It would bankrupt the several companies to be compelled within a short time to lay their wires underground, but by gradually doing it the expense will not fall too heavily. At tomorrow's meeting the seven heads of the city's departments will be called upon to make a plan to be presented to the council. The board of public works and the city electrician will be present to discuss two or more proposed districts in which wires will have to be put underground."

WAGON FALLS ON DRIVER; CRUSHES OUT LIFE

Dies in Receiving Hospital Shortly After He Is Sent to That Institution

George Turner, a tourist, was so badly crushed in an accident at the yards of the Richmond Cannery company, Twenty-eighth and Polita streets, early this morning, that he died in the Receiving hospital at about 9 o'clock. The man retained consciousness until within fifteen minutes of death and suffered the most excruciating agony in spite of the powerful opiates administered to make his last moments free from pain.

It was a peculiar accident that caused Turner's death. He drove a wagon loaded with dirt upon a pile of grading material in the company's yard and started the engine. The wagon fell over the side of the pile and crushed him. The workmen rushed him to the Receiving hospital in a spring wagon and in a ambulance there showed that Turner's chest had been crushed in. It developed that he had internal hemorrhages and brought death.

Turner had been employed by the Richmond Cannery company for some time and he met his fatal end after a living first hand of his life today. He was about 45 years of age.

'Liar!' Cries Lawyer, And Opposing Counsel Challenges Fist Fight

MISS A. M. WELLENDOFF

Psychic research, which gave promise of being a feature of today's proceedings in the Fletcher will contest before Superior Judge Wells, was temporarily thrust aside this morning before court had been in session an hour by the more vulgar resort to personalities, bitter and pointed, which were indulged in by Attorney Countryman of San Francisco, for the contestant, Mrs. Salina Patterson, and Attorney West of counsel for the proponents.

It was during Countryman's statement of his client's case to the jury that the row occurred. The attorney was stating that Mrs. Fletcher, the aged mother of the deceased George W. Fletcher, had said to her son, Artimas T. Fletcher, after the death of her son, that she could not understand why Fletcher had not willed her at least his love.

Jury Is Out Nineteen Hours

SAN FRANCISCO, May 12.—The jury in the trial of Luther J. Brown accused of kidnapping in September, 1907, Fremont Older, managing editor of the Bulletin, which retired at 4:50 o'clock yesterday afternoon rendered a verdict of not guilty shortly before noon today. The jury came into court at 10:25 o'clock this morning. Foreman W. W. Prince stated to Judge Mahon that an agreement had not yet been reached. He desired the court to be patient with the jurors, intimating that it might not be impossible to agree upon a verdict if they were given further time. They were again locked up, returning later, much to the surprise of all, with their verdict. The jury was out nineteen hours. Brown, who is head of

MONEY FOR CANDY IS THEIR ONLY DESIRE

Parents Are Frightened and San Francisco Police Are Summoned

SAN FRANCISCO, May 12.—Healing of the attempt made by B. W. Soules two weeks ago to blackmail Rudolph Spreckels, the former threatening to kill him (Spreckels) if \$5000 were not paid over immediately, but failing to become informed as to the disastrous end of Soules' scheme, two boys, both fifteen years of age, Victor Dobbs, who lives with his parents at 25 Falcon avenue, and Lester Bode, residing with his parents at 4164 Seventeenth street, last Wednesday evening conceived the plot to blackmail a young girl, Olga Peterson, aged fourteen, who lives with her mother and father at 4170 Seventeenth street.

Letter in Red

With their minds filled with the large boxes of candy and the huge piles of peanuts and popcorn that could be bought with the coin they anticipated would be given them when their blackmail letter was received by their youthful victim, the lads drew up the following letter written in red ink, and signed with bombs, having what pertained to be a sputtering fuse proceeding from the end, with daggers and revolvers:

"Miss Peterson: If you do not deposit \$100 under a rock in the Mission park, near the flag, you will be put to death. Be sure to deposit the money or you will be put to death."

Second Letter

The letter was printed on the next evening, no answer having been received to their threat, the lads sent another letter as follows: "We will lower the amount to \$50, but be sure and send the money, or your death will follow."

Again a day passed and no money was left in the park. Thinking that their letter had not reached the person to whom it was addressed, both lads wrote a letter on Saturday and slipping it under the door, rang the bell until some person opened the door whereupon they dashed away. But this time the letter failed to bring better results than the preceding two, and the plotters at length decided to use the mails. They accordingly drew up the following note on a postal card, and on last Sunday sent it off.

Mother Grows Alarmed

The letter coming through the mail, was the proverbial straw. Mrs. Peterson, who heretofore had thought the entire affair a joke on the part of neighborhood boys, now grew apprehensive and notified the police. Detectives Eagan and Herve were detailed on the case. On Monday night they lay in wait for the boys. Their vigil was short for soon young Dobbs

SAYS ONE-TIME LOVER

Seeks Damages For Loss of
Social Standing and
Chances to Wed

Anna H. Meares this afternoon brought suit in the Superior Court against Moses M. Unda, a carpenter, for \$5000 damages for alleged breach of contract to marry her.

The woman states that in July, 1899, at Sacramento, Unda asked her to marry him. Miss Meares alleges that Unda disregarded his vows to her and took unto himself another wife on the other hand, she remained faithful to him through all these years, and knew nothing about his marriage until last February.

She wants \$1000 for loss of her social status and chances to get married, \$1000 for impaired health due to Unda's alleged cruel treatment of her, and the remainder of the \$5000 for her mental suffering and humiliation she claims she experienced as a result of the "throw-down" which she says Unda has given her.

Miss Meares also states in her petition that Unda is the father of her three children and that he should give them the same support that they would be entitled to if he were their lawful father.

In this connection she asks the court to compel Unda to maintain his alleged offspring.

Judge Wells put a stop to this fight talk by ordering Countryman to proceed with his address.

A little later on Countryman said to the jury he had turned the attorneys for the prosecution:

Makes Proposition

"I will now make a proposition to this jury. If the other side will agree to it, I propose that the court enter an order giving one-half of this Fletcher estate to the aged mother of the deceased, and then we will fight it out here over what is left on the merits of the case."

Attorney Fitzgerald, chief counsel for the proponents, sprang to his feet in an instant, and shaking his finger in Countryman's face said:

"That is a bluff—a cold-blooded bluff—and you know it."

To the court Attorney Fitzgerald then addressed himself: "Counsel knows he has no case and now he comes into this court with all outrageous bluff in order to make an impression upon this jury."

He talks a whole lot of rot about psychic influence over the mind and assaults the character of one of the most lovable and lovely ladies (naming Adeline M. Wellendorf) it has ever been my privilege to know, in a most brutal manner. No—there will be no division here, no compromise. He comes into this court without a case and he knows it. We are here to meet him at every turn. Let him then proceed with his case. Produce the witnesses—produce the witnesses."

STRICKEN WHILE AT WHEEL OF FERRY

Captain William Murphy Falls
With Stroke of Apoplexy
on Encoinal

HURRIED TO HOSPITAL
ON ARRIVAL IN CITY

Officer Is Now at McNutt San-
itarium in Very Low
Condition

SAN FRANCISCO, May 12.—While guiding the brand gauge ferry-boat Encoinal into the Oakland pier on the 11 o'clock trip this morning, Captain William Murphy was stricken with apoplexy and fell unconscious to the floor of the cabin. Fortunately the second mate was at hand and, grasping the wheel, decelerated the boat safely.

The Harbor Emergency Hospital officials here were notified immediately to be on hand when the Encoinal came back to this side. The ambulance was waiting for the boat on its arrival and the still unconscious form of Captain Murphy rushed to the hospital.

There, despite all efforts to revive him, the captain remained in a comatose condition.

Friends soon arrived at the hospital and Dr. McNutt was sent for. He immediately ordered the patient conveyed to his institution, the McNutt Sanitarium, where an operation may be held.

one-half of the estate during her life. Ultimately the property was to go to Arthur H. Fletcher, a brother, and Mrs. Elizabeth Roman, a sister of the deceased, and Miss Adeline M. Wellendorf, of Berkeley, long a member of the Fletcher household, though not a relative, was to get \$5000 for her many kindnesses to Fletcher during his life. The contingent is Mrs. Selma Patterson, sister of Fletcher's deceased wife, and her sole heir-at-law.

While the value of the estate is estimated by the proponents at about \$40,000, Attorney Countryman told the jury that he expected to prove that it is worth at least \$100,000. It is against Miss Wellendorf and Artemus Fletcher that the attorneys for Miss Patterson are directing their attack in their efforts to break the will.

Woman Accused

"We expect to show," said Attorney Countryman in his statement to the jury, "that from the time Miss Wellendorf entered the life of Fletcher she never was out of it. This was a number of years ago, when Miss Wellendorf was about 25 years of age, a woman of mentality, and of a type which would appeal to a man of Fletcher's age and temperament. We expect to show that after she entered the household of the Fletchers she became a dominant factor there."

"We also intend to show that Miss Wellendorf and Artemus H. Fletcher, brother of the deceased, entered into a secret and unscrupulous agreement to work upon Fletcher's mentality during his last illness. Miss Wellendorf, musician and president of an exclusive musical club of Berkeley, will be shown to be an adept in directing invisible forces to her own advantage, and we intend to show further that Artemus H. Fletcher, brother of the deceased, who stands six feet one inch in height and weighs over 200, was closely associated with Miss Wellendorf in weaving the meshes of the mystic web about the testator for their own gain."

Miss Wellendorf Present

Miss Patterson, the aged sister of the deceased Fletcher, at the trial of the case, Artemus H. Fletcher, brother of the deceased, was present during the hearing today. Fletcher sat with his lawyers, but Miss Wellendorf and Miss Patterson sat outside the gallery, occupying seats of honor at the front of the courtroom sitting next to Mrs. Fletcher.

Dr. J. Wilson Shie's, former president of the Bohemian Club of San Francisco, was called as the first witness for the contestants.

Dr. Shie's testified the deceased during his last illness and to the fact that Fletcher had died of brain's disease. The physician said that Fletcher's disease usually resulted in the loss of resistance in the patient to outside influence. The doctor said that he had known Fletcher and his wife in a social way for about eight years and that Fletcher was for many years a member of the Bohemian Club and the Family Club. He said he was first called upon to attend Fletcher professionally for pneumonia, which he found to be heart failure. He testified that Fletcher was known in his club as "Big Bill" and was extremely popular on account of his generous nature. He also said that his patient was a very considerate person."

Praises Mrs. Fletcher

Dr. Shie's said that Mrs. Fletcher was "a charming, kindly-disposed, affectionate woman—together a very considerate person."

The objections of opposing counsel and the relevance of the doctor's would not allow the hearing in a testimony given by Mrs. Fletcher's physical condition, although Attorney Countryman said:

"I intend to show that she was failing, while he (Fletcher) was strong and viable and that Mrs. Fletcher was trying to drive psychic conclusions."

Wanted Christian Science

Dr. Shie's testified that he gave bromide, hypodermics and morphine to Mrs. Fletcher for her brain's disease. He stated that he stopped doctoring Mr. Fletcher two weeks before his death, because his patient wanted to use patent medicine. He also stated that his patient told him he was going to use Christian Science. When questioned as to his patient's sanity, Dr. Shie's said: "I naturally thought that he did not have a very sane idea as to treatment when he wanted to take Christian Science and patent medicines. It showed a lack of resistance to suggestion on his part, according to my opinion, though it might be differently viewed by Christian Scientists and patent medicine vendors. He also said that his patient was hysterical during the last two years he knew him and subject to emotional breakdowns. He said he was susceptible to influence from the outside him, and was going to cut him at a stroke. He did not have the same mental grasp, according to the witness, as a couple of years before. On cross-examination the witness admitted that he did not consider the testator insane at any time. But on re-direct examination the physician stated that the deceased could be easily impressionable in the matter of suggestion, as he had a peculiar condition of mind superinduced by sickness and narcosis."

NO FREE RIDES ON CARS FOR POLICE

Sheriffs, Firemen and Deputies
Will All Have to Pay
Fare

RECENT LAW CAUSES
QUITE A REVOLUTION

Mayor Will Ask Attorney-Gen-
eral For Ruling on
Question

After enjoying the privilege of riding free on street cars and railroad trains in this city for fully half a century, policemen, firemen, sheriffs, deputy sheriffs, constables, and all peace officers generally, will now have to pay fare or walk.

This revolution was brought about by the enactment by the recent Legislature of a law which prohibits any persons holding a position of public trust, honor, or office with emolument attached, from accepting a pass from any street car or railroad company.

Must Pay Now

According to Mayor Mott the Oakland Traction Company and the Southern Pacific Company interpret the new law as to include any person in the employ of the state, city or county governments. This thing of paying fare has caused the police officers and others affected and they want to have the law officially interpreted. If it prevails, as the traction companies interpret it, the city and county will have to in all probability give each person employed extensive money. At times it is absolutely necessary for a sheriff or policeman to use the street car in strictly police and official business. Under the new law they will have to pay fare. On Sunday and holidays they will also have to pay fare instead of exhibiting a pass or badge.

Mayor Mott feels concerned as to the fate of the Oakland policemen and he is going to make an effort to see if the ancient and honored custom of permitting Oakland's finest riding free cannot be restored.

The first step in behalf of the policemen of Oakland will be to ask the attorney general of the State for an opinion.

Both boys are now held at the detention house. They come of respectable families and the police are inclined to think that their plot, even if allowed to proceed, would have resulted in no serious affair.

The board of works, this morning, received thirty-three bids for supplying the school department with material for the coming year. It will be a week at least before the lowest bidders can be ascertained.

ALCOHOL IN MEDICINES.

Alcohol is the best known preservative of medical compounds, and the average proprietary medicine contains from 15% to 22%, which is the smallest possible amount to preserve the ingredients, while the average doctor's prescription contains from 25% to 50%.

Such standard preparations as Lydia's Pink Pills, Chamberlain's Colic, and other similar compounds contain but 15% and they even put the compound up in tablet form, which the over-scrupulous woman, who objects to alcohol in any degree, may use.

100 WOUNDED PERSONS MEET DEATH IN FLAMES

CONSTANTINOPLE, May 12.—Thomas D. Christie, in a letter dated Tarsus May 4, says no Turks were killed in Tarsus except by the looters among themselves, but in Adana about 150 Turks, including fifteen soldiers, were killed. The feeling there is still bitter and it has been increased by outrageous articles in an Adana paper. "In this case," Dr. Christie writes, "we could wish again for censorship."

"The second massacre at Adana, as I now learn, was much worse than the first. It is reported to have begun on April 25 and lasted two days. The Gregorian School, filled with refugees was set on fire. The only outlet from the building was commanded by hundreds of rifles, and those who tried to make their escape were shot down like rabbits. The rest of those in the school, including more than 100 wounded from the first massacre, gathered within the building by Miss Wallace, were burned to death. Only eight persons survived to tell the story. It is thought at least 2000 men, women and children perished at Adana."

Saloons Must Oust Vicious Characters

As a result of the exposure of the death methods of the Press saloon, at the southwest corner of Eighth and Franklin streets, Chief of Police Wilson says he will put the proprietors of several other saloons to get rid of the objectionable characters hanging around the place.

When the obituary of the present Congress is written, it will hardly fail to say: "It was its own worst enemy."

Constipation and Its Causes

A WELL KNOWN REMEDY.

Constipation is man's worst enemy and but the body is a result thereof. Nature meant that the bowels should be kept open, that we should have a free movement once a day. When we do not, our bowels do not move, we resort to powerful remedies which are so drastic in their action that they damage the tender lining of the bowels and leave a worse condition than before. Why take such tedious and expensive drugs when we can obtain from Anty Drudge, much cheaper a bottle of Nature's own remedy, HUNYARD JANO'S Water, the famous Natural laxative? This water is bottled at the springs in Hungary and in use nearly half a century. One brief, a powerful, on acting will bring within an hour a refreshing movement, gentle, natural and thorough, without any griping or other bad effects. As a whole bottle costs but a trifle, keep one always on hand.

Look out for unscrupulous druggists, who will substitute unless you ask for HUNYARD JANO'S.

BETTER THAN A HELP WANTED AD.

Mrs. Leroy—"Any, I'm just trying to compose a help-wanted ad. for the newspaper that will bring me a washwoman. They're a wfully scarce and I'm so tired out doing my own washing I'm nearly half dead."

Anty Drudge—"Help wanted? Huh! The help you want is Fels-Naptha soap. Instead of writing that ad. you write a post to your grocer to send you some Fels-Naptha. Then do your washing with it in cool or lukewarm water, with out boiling and hard rubbing, and you'll need no other help. It won't make you tired, nor take half so long."

LIEUT. K. TAGOCHI.

Leutenant Colonel Kokichi Tazueuchi and Leutenant Colonel K. Takita were the complimentary guests at a delightfully appointed dinner given at the Forum, Sunday evening last, by Mr. and Mrs. F. H. Rouleau. The guests of honor are attached to J. J. M. C. "Savoie" and they were most interesting in their studies of naval warfare. (Photo by J. J. M. C. "Savoie")

and a thrilling position during the Russo-Japanese war. Leutenant Tazueuchi, who Leutenant Takita at his side were present in a Japanese torpedo boat to locate the enemy ships and were successful in sinking three Russian cruisers. One of the ships, the "Varyag" and the "Ryurik" were raised and repaired by the Japanese and later sent to Japan, under the names "Aso" and "Savoie." It is singular coincidence the two officers were in the same ship when they were in the present war.

For their bravery they were awarded medals by the Emperor.

Order of Golden Kite

Lieutenant Tagouchi, who was detailed upon this perilous duty, has had conferred

the most brilliant the "Order of the Golden Kite," the highest token granted by the Emperor and his Government. This medal is very handsome, is gold with red and green enamel. It represents the Christ-the-man.

Another beautiful medal which such officers have received represented the Emperor and his Government. It is a gold medal with a red ruby set in the center. A beautiful medal of gold everywhere the Emperor has been, is the "Order of the Army and Navy" was worn by Lieutenant Tanaka, which had been presented to him by the Emperor for special bravery in the Russo-Japanese War. It is a gold medal in memory of the bravery during the Russo-Japanese war.

Another medal which was given was the presentation of two gifts from Lieutenant Tanaka to the hosts of the evening. The gifts included a very handsome bronze statue of the Emperor and Empress, which had been given in ancient times by the Japanese.

Token of Friendship

Mr. Bourke was given a Japanese knife which had been carried by Lieutenant

akku for seven years. According to Japanese superstitions, a sharp instrument indicates the deep friendship of the giver, and the officer asked Mr. Bourke to accept the gift as a token of his best wishes.

The ladies of the party were given hairpins and bunches of Japanese blossoms to wear. The guests were exchanging with pleasure the names which they put with their hosts with many remarks that their steps were to fall in the morning from a position which they had been so handsomely entertained.

The two officers were men of culture and refinement. Their language was a pure Japanese which was a reason to me, a foreigner, with whom they conversed. They had a knowledge of the quality which is such delight to the ears of the attachés of the army and navy.

The officers are both bright young men, under thirty years of age, having graduated from the Imperial Academy in 1902 and 1903 and the other in 1903.

HUNTINGTONS DENY
REPORT OF WEDDING

NEW YORK, MAY 12 -- The report that H. E. Huntington is to wed his aunt, Mrs. C. P. Huntington, has met with the customary demur. Huntington, then found at the Metropolitan Club, smiled cheerfully as he listened to the news, and then said:

"That old yarn comes out every spring and fall. This time I have to say to you that it is true. It is a little late this spring. Of course, there's no harm in it. It is true, yes, yes."

Mrs. Huntington at her home, No. 235 Fifth-avenue street, said she was tired of hearing the report and tired of denying it.

Zakari, "Topkins," "the most popular" of the Finnish blues ever known," was a native of his native land above all else. As he says, Paulo Waldman in *A Summer Tour in Finland*, "he wrote as follows to a little Finnish boy who was at the time residing in England for his schooling: 'You are in a sweet and pleasant place, but not for me, for I am not only an exile. If Queen Victoria herself should wish and offer me a post in her kingdom, remember me to her and say, I cannot, because I have to continue waiting for the man when I turn down up.' It has a roof higher than his, but the blue sky of my own land is not as blue as the blue sky of my own land."

BILLY PAPKE IS IN FINE CONDITION AND CONFIDENT OF VICTORY

IN TRIM FOR SATURDAY'S BOUT

Thunderbolt Expects to Win in Short Battle

By EDDIE SMITH.

Promoter Coffroth has set aside some of his best seats for the Papke-Kelly contest for his Oakland patrons, and they will be placed on sale tomorrow morning at the Index cigar store at 915 Broadway. Mr. Coffroth last night assured us that the seats sent to Oakland would be of the very best selection, and as the chart of the seating arrangements can be seen at the stand, the purchaser is familiar with his seat location before going to the arena. The other places where tickets can be secured are Tom Dillon's nat store, on Market street, and Tom Corbett's, at 1517 Ellis street San Francisco.

In addition to the confidence and the honest conviction of a man who will help a man to win, Billy Papke and Kelly will give a good fight. Billy Papke is a very good fighter and Kelly is a very good fighter. They will give a good fight.

Philadelphia Jack O'Brien, the confessor of many a false fight, has sent a letter to Jimmy Connelley in which he lays down the rules and says that he would be willing to take Young Kelly for a second time and also tells why he believes he has a chance with Kelly. The interesting part of the letter follows:

"Now, Jim, the only way I should like to see you is to see you in the ring."

REIDY TAKES UP WORK AS MANAGER

Players Nearly Pull Lost Game Out of Fire
By HERMAN F. BUDD.

REIDY assumed active management of the Oakland Coast League Club yesterday and watched the work of his players the entire afternoon from the bench. Before the contest opened he was presented with a handsome floral piece with the inscription, "Luck and Success to Bill Reidy." It was a handsome piece of work, and Reidy was very much pleased with it.

Reidy did not respond with words but the expression on his face told the local baseball enthusiasts that Reidy was not a man who would be answered. Even the first contest over which Reidy had charge brought out the fact that there was a new pilot at the helm.

DOG POISONER IS AGAIN ACTIVE

Unknown Misanthrope Causes
Death of Eight Canines in
Town of Fruitvale

FRUITVALE, May 12. — The dog
poisoner, who has kept the owners of
pets in a state of perturbation for
months past, made his appearance in
Fruitvale again Monday night and left
a trail of eight dead canines behind him.
Among the list are valuable dogs owned
by H. Jacobson, Fred Von Thun and
William La Violette.

Residents of the district are highly in-
censed at the outrage and are taking
every precaution to protect their pets
from the misanthrope. Should he be caught,
it would go hard with him, as the owners
of the lost dogs have expressed the
opinion that he will be entirely too
good a place for him. The \$100 reward
offered by the Kennel Club is proving
an incentive, which will probably have
its result soon long.

Strikers Declare They Will Continue Active Until They Gain Victory

PARIS, May 12. — Paris today resembled
a city in a state of siege. During the
night troops took possession of the
city, for soldiers, mounted guards,
and infantrymen were everywhere.
The streets are patrolled by
the mounted republican guards. All
telephone lines are carefully watched and
cables have been disconnected from the
city to prevent the cutting of wires.
Furthermore, 500 military telegraphers
and 500 automobiles have been mobilized
ready for service. General Dubouche,
military governor of Paris, has 50,000
troops in reserve.

To Continue Strike

The walls of Paris are covered this
morning with posters announcing the
strikes will continue until the employees'
demands are redressed, adding:
"The right to form trade unions will
be obtained, even if it means."
Several railroad men there the num-
ber to abandon work is comparatively
small. Two deliveries of letters were ar-
ranged without aid of troops, but the dis-
tribution of the newspapers was not at-
tempted.

Join Strikers

Last night the postmen of Lyons and
Bordeaux voted to join their Paris col-
leagues.

FILES ANSWER TO BIG DAMAGE SUIT

Russell Claims He Shared With
Realty Firm in Land
Development

Frederick J. Russell of the Russell City
Company has filed in the Superior Court
his amended answer to the suit instituted
by the East Shore and Suburban Realty
Company for and on behalf of the
company in connection with the sale of lots
in what is known as Russell City, on the
Southern Pacific Coast Railroad and in ad-
jacent territory, the tract consisting of about 250
acres of the Russell ranch.

Profits Aggregate \$170,000

It is also set forth that the Russell
company had received from the East Shore
and Suburban Realty Company would have
disposed of all of the lots contained in
the number at a price of a total \$800,000.
Plaintiff, therefore, alleges that it is en-
titled to a profit of \$170,000 on the lots
up to the time of the interest of the
Russells and that if it had been permitted
to proceed with the development of the
tract it would have cleared up a profit of
\$200,000.

Jointly Assumed Obligations

Setting up this defense, plaintiff
company never had any interest in
the Russell City tract. Frederick J.
Russell says that he is entitled to the
purchase of lots for the development
of a subdivision. He has jointly assumed
obligations to plaintiff company to
construct a sewer system and to
construct a water system. For this and
other reasons he claims that he cannot
permit plaintiff company to manipulate
the tract as it sees fit, in that it holds
the great financial responsibility that
rests on the tract. He claims that the
court to give defendant company nothing
on its suit and to refusing to injunction
payed for.
